

RACHEL NGOM

Biblical Leadership for Christian Business Owners

HOST · CHRISTIAN ENTREPRENEURS RISE UP · 500+ EPISODES

“She built a seven-figure business — then shut it down in obedience to God, and is rebuilding it His way.”

What Rachel brings: Big-sister warmth and the kind of honesty that makes hard truth land. She'll inspire and motivate your audience — then ground it in Scripture and a practical next step, so they leave both *moved* and *equipped*.

Rachel Ngom helps Christian entrepreneurs who've already built something good build something that **lasts** — and become the leaders they're called to be. Two convictions run through everything she teaches: **your business will never outgrow your leadership**, and real leadership begins with **obedience**.

In 2023, in a single moment in her prayer closet, the Lord told Rachel He wasn't in her seven-figure business — she'd built it in her own strength. In obedience, she shut it down. After three years of wilderness and refining, He released her to build again, with Him this time. A graduate of the Global School of Supernatural Ministry. Rachel now helps already-effective Christian business owners lead well, scale, and multiply their Kingdom impact — funding missions, creating jobs, and leaving a legacy that outlives them.
